1. Basis of Presentation and Consolidation

Basis of Presentation

Penney Intermediate Holdings LLC (the Company), formed on October 22, 2020, is the direct subsidiary of Penney Holdings LLC (“Holdings”), a direct subsidiary of Copper Retail JV LLC (“Copper”), a Delaware limited liability company. The assets of Copper and Holdings consist solely of the 100% ownership in each direct subsidiary. Copper and its related legal entity structure were formed to acquire certain operating assets and related liabilities of J.C. Penney Company, Inc. (JCPenney) on December 7, 2020 (the acquisition date). All acquired assets and liabilities of JCPenney are owned and operated by the Company and its subsidiaries.

The JCPenney brand was founded by James Cash Penney in 1902. We operate the JCPenney brand through the operation of 690 department stores in 49 states and Puerto Rico, as well as through our eCommerce website at jcp.com and our mobile application. We sell family apparel and footwear, accessories, fine and fashion jewelry, beauty products through Sephora inside JCPenney, and home furnishings. In addition, our department stores provide services, such as styling salon, optical, and portrait photography.

These Unaudited Interim Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States. The accompanying Unaudited Interim Consolidated Financial Statements, in our opinion, include all material adjustments necessary for a fair presentation and should be read in conjunction with the Audited Consolidated Financial Statements and notes thereto for the fiscal year ended January 30, 2021. We follow the same accounting policies to prepare quarterly financial statements as are followed in preparing annual financial statements. A description of such significant accounting policies is included in the notes to the Audited Financial Statements for the fiscal year ended January 30, 2021. Because of the seasonal nature of the retail business, operating results for interim periods are not necessarily indicative of the results that may be expected for the full year.

Fiscal Year

The Company’s fiscal year consists of the 52-week period ending on the Saturday closest to January 31. As used herein, “three months ended May 1, 2021” refers to the 13-week period ended May 1, 2021. Fiscal 2021 will consist of the 52-week period ending on January 29, 2022.

Basis of Consolidation

All significant inter-company transactions and balances have been eliminated in consolidation.

2. Global COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared a global pandemic related to the rapidly growing outbreak of a novel strain of coronavirus (COVID-19). Subsequently, the COVID-19 pandemic has significantly impacted the economic conditions in the U.S. and globally. While all of our stores have been open from January 31, 2021 to May 1, 2021, the COVID-19 pandemic has, and continues to have, an impact on the Company's business operations, financial position, liquidity, capital resources and results of operations. While economic conditions in the U.S. are improving and restrictions imposed during the pandemic are easing, it is impossible to predict the effect and ultimate impact of the COVID-19 pandemic. Current financial information may not be indicative of future operating results.

3. Acquisition

On October 28, 2020, Copper entered into an Asset Purchase Agreement (the "Asset Purchase Agreement") with JCPenney and certain of its subsidiaries to acquire substantially all of JCPenney's retail and operating assets, and assume certain of JCPenney's obligations associated with such purchased assets, pursuant to Section 363 of the U.S. Bankruptcy Code in connection with JCPenney's voluntary chapter 11 cases pending in the United States Bankruptcy Court for the Southern District of Texas (the "Bankruptcy Court"). The Asset Purchase Agreement and the transactions contemplated thereby were approved by the Bankruptcy Court on November 9, 2020. Copper subsequently designated the Company and its subsidiaries as purchasers under the Asset Purchase Agreement. The acquisition of substantially all of the retail and operating assets of JCPenney by the Company and its subsidiaries was completed on December 7, 2020. Pursuant to the Asset Purchase Agreement, the Company and its subsidiaries also assumed certain liabilities related to such assets.

The company accounted for the acquisition as a business combination in accordance with ASC 805. The consideration transferred for the acquisition is as follows:

<i>(\$ in millions)</i>	December 7, 2020
Cash paid, net of cash acquired of \$266	\$ 634
Term loan	520
Estimated contingent consideration	105
Total consideration transferred, net of cash acquired	\$ 1,259

Penney Intermediate Holdings LLC
Notes to the Unaudited Interim Consolidated Financial Statements
For the Three Months Ended May 1, 2021

The estimated contingent consideration consists of both (i) an earn-out liability with fair value of \$74.1 million and (ii) a liability related to any future receipts of credit card company holdback deposits with a fair value of \$31.2 million as of the acquisition date. The value of the earn-out liability depends on the twelve-month average of the net merchandise accounts payable applicable for FY 2021 and FY 2022 and was estimated using a Monte Carlo simulation approach. The credit card holdback liability is equal to 50% of any cash proceeds received in connection with the release of the bankruptcy related credit card company holdbacks.

In accordance with GAAP, the carrying value of the contingent consideration must be remeasured at the end of each reporting period. As of May 1, 2021, the fair value of the estimated earn-out liability increased by \$6 million to \$80 million. The increase in fair value is recorded as a current period expense in Acquisition and transition related costs in our consolidated statement of operations.

4. Revenue

Our contracts with customers primarily consist of sales of merchandise and services at the point of sale, sales of gift cards to a customer for a future purchase, customer loyalty rewards that provide discount rewards to customers based on purchase activity, and certain licensing and profit sharing arrangements involving the use of our intellectual property by others. Revenue includes Total net sales and Credit income and other. Net sales are categorized by merchandise and service sale groupings as we believe it best depicts the nature, amount, timing and uncertainty of revenue and cash flow. The components of Net sales for the three months ended May 1, 2021 were as follows:
