## Monthly Distribution Date Statement

### Definitions

The following metrics apply to Quarterly Reporting only:

(A) “Tenant’s Sales per Square Foot” is not a measure of the Trust’s financial performance and is provided solely for investors’ informational purposes based on the information that the Trust receives from the Tenant. This measure of operations is derived from sales information reported to the Trust by the Tenant in accordance with the retail master lease and/or distribution center master lease (each, a “Master Lease”), as applicable. The Trust and the Manager do not have the ability to verify the calculation of this information. The calculation of this information by the tenant may be different than how similar measures of operations might be calculated by others. Finally, the Trust is unable to reconcile “Tenant’s Sales per Square Foot” to a comparable GAAP financial measure because no reconciliation is provided for in the applicable Master Lease. Therefore, investors should be cautious about relying upon “Tenant’s Sales per Square Foot.”

(B) “Tenant’s Four-Wall EBITDAR” is not a measure of the Trust’s financial performance and is provided solely for investors’ informational purposes based on the information that the Trust receives from the Tenant. This measure of operations is calculated in accordance with the [Master Lease] and is reported to the Trust by the tenant in accordance therewith. The Trust and the Manager do not have the ability to verify the calculation of this measure of operations. In addition, the calculation of “Tenant’s Four-Wall EBITDAR” in accordance with the applicable Master Lease may be different than how similar measures of operating statistic might be calculated by others. Finally, the Trust is unable to reconcile “Tenant’s Four-Wall EBITDAR” to a comparable GAAP financial measure because no reconciliation is provided for in the applicable Master Lease. Therefore, investors should be cautious about relying upon “Tenant’s Four-Wall EBITDAR.”
